## WAS NOT A MADMAN.

Yet for Five Years M. E. Phillips Was Kept

IN THE INSANE ASYLUM HERE.

The Man Brought Before Judge Hazen Today and He Is Discharged.

M. E. Phillips of Smith Center, it is said has been in the insane asylum here for five years, although he is perfectly sane.

This interesting case was before Judge Hazen in the district court today. It was in the form of the hearing of a habeas corpus writ to remove Mr. Phillips from the asylum. Judge Hazen discharged the man and gave a scorching lecture to those who were responsible for his detention.

Phillips appeared in the court room attired in a suit of coarse gray clothes. He took the stand and replied to the questions of the judge in the most rational manner.

"How long have you been confined in the asylum?" asked the judge.

"Five years."

"Where were you sent from?"

"Smith Center."

"Do you know who was responsible for your being sent here?"

"No sir."

"Had you any enemies?"

"None that I knew of."

"Did you have a hearing?"

"No sir, I never had a hearing, I had a barber shop and I was arrested, thrown into jail and then I was brought here."

"Did you ever apply for your release?"

"Yes sir, I have applied to the board of charities on several occasions, but they never gave me any satisfaction."

The reasons for which Phillips were sent to the asylum from Smith county are not now apparent. No one here appears to remember the circumstances.

Attendants Oliver and Flint testified that Phillips had no evidence of insanity since they had been in the institution, and that they had been regularly shaved by him. He had been allowed to come to the city on parole until two weeks ago, when W. S. Wait of the state board of charities had ordered his permit taken away from him.

After Judge Hazen had heard the evidence he said: "It is evident to me that a great injustice has been done this man. There should be some method by which such men can have their cases heard. This man has been deprived of his liberty for five years, when it is evident to me that he is as sane as any one in the court room. In cases of this kind the state should be made to pay heavy damages. The man is discharged."

Phillips was elated over his discharge. He said to a reporter: "I have never been crazy. When I was taken to the asylum they put me to work, but after a little while I told Dr. Eastman, who was then superintendent, that I did not intend to work any more for the state, and I refused to do anything more. He then ordered me put in the violent ward, where I was kept for four years and two months. It was horrible, and I hope I may never pass through such experience again."

Will get work here if I can, but if I can not, will go back to Smith Center where my brother-in-law lives."

W. S. Wait, treasurer of the state board of charities said:

"The board had no power to discharge the man. The statute provides that any one who is cured shall be released by the steward. I do not know whether the man is crazy or not."

W. F. Rightmire was the attorney for Phillips.

## A MILLION FOR FLOWERS.

To Be Heaped Upon the Bier of the Dead French President.

PARIS, June 29.—The general public was admitted to the grounds of the Elisee today. The line of people intent upon viewing the coffin containing the remains of the late President Carnot reached from the palace to the Palace de La Concorde.

The catafalque was in form of a small Greek temple, with Corinthian columns. Large candelabra wreaths of immortelles and flags are grouped around the bier and over all are many palms.

At intervals are long black pendant banners, bordered with silver and ornamented with silver wreaths, with the letters "R. F." (Republique Francaise). On the main drapery the letter "C." (Carnot) is worked in silver at frequent intervals.

The number of floral wreaths sent to the Elisee is almost beyond comprehension. On the 29th sent by a society of French women cost 5,000 francs. The florists of Paris, according to estimate, have already received orders for 1,500,000 francs worth of floral emblems to be used in different ways during the funeral.

## WORRYING CONGRESSMEN.

Coxeyites Throng the Capitol Corridors Asking for "A Little Assistance."

WASHINGTON, June 29.—Pressure of an unforeseen and undesired sort is being brought to bear upon members of congress by the various industrial armies camped about Washington. The novelty of the unique affair has departed and consequently donations of provisions have fallen until the men are in a pitiable plight from want of food.

Every day the lobbies are besieged by deserters from Generals and Admirals Coxey, Fitzgerald, Galvin and Frye, who are wearied of husks and anxious to return home. Naturally they came to the congressmen from their states for assistance.

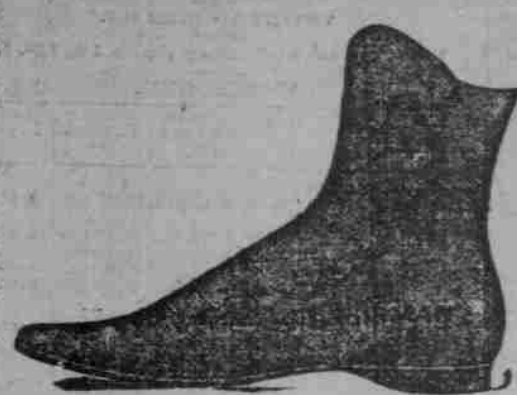

In some cases members have yielded to their charitable impulses and furnished funds for the purpose, thereby establishing a precedent which encourages other needy ones to apply. Ohio members are the greatest sufferers in this way and the demands upon them are more than they can meet.

## TWO MURDERERS HUNG.

Clark and Jones Who Killed Madame Wright at Kansas City Executed.

KANSAS CITY, June 29.—The two murderers of Madame Wright died on the gallows today. Harry Jones was hanged at Independence, Mo., soon after 9 o'clock, and two hours later John Clark was executed in Kansas City by the same sheriff and his assistants, who carried out the sentence against Jones.

Madame Wright kept an employment agency in this city and Jones and Clark killed her. The men claimed the killing was unintentional, being done while robbing her of her valuables.

## JOHN A. MARTIN'S WIDOW.

Complains That Her Father Has Robbed Her Estate.

Mrs. John A. Martin, widow of the late ex-governor of Kansas, is having trouble with her father, W. L. Challis, who is the administrator of the Martin estate.

In the supreme court this morning an application was filed for a writ of mandamus to compel the probate judge, B. F. Snyder to make transcripts of the records in the matters pertaining to the estate and files them with the clerk of the district court.

Mrs. Martin and her children a few weeks ago refused to accept the report of her father, Mr. Challis, as administrator, and when the probate judge heard both sides of the case he decided in Mrs. Martin's favor. Challis now wants the case settled in the district court.

It is said the estate now amounts to less than \$10,000.

## THEY WON'T GO THERE.

The Death of W. F. Popenoe Puts a Damper on Mexican Colonization.

The death of W. F. Popenoe of yellow fever in Mexico has put a damper on the exodus from this city to that country. W. S. Lawson intended to start for Mexico today where he was to take charge of a coffee plantation, but he has decided not to go and several others who were making arrangements to start have abandoned the trip and will remain in Topeka.

Only the most glowing accounts have been given of the country and no thought was given to the healthfulness of the climate but it seems that the low lands where the coffee plantations are situated are especially conducive to fevers. Mr. Popenoe has only been in the country a week.
